Rules, Consequences and Positive Recognition

January 10, 11

Reading and Implementing IEPs

January 18, 20

Behavior and Performance Conferencing & Contracts

January 25, 27

New Teacher Webinars

New Teacher webinars are open to MTA members, or newly hired teachers in districts represented by MTA. Registration for each session is limited to 25 participants. These webinars are designed to address new teacher concerns at appropriate times throughout the first year of practice.

- Reading in advance of an assigned article – upon registration, participants will be sent the link to the article.
- Trainer introduction and overview of the session.
- Brief introduction by participants.
- Online PowerPoint presentation with opportunity to ask questions throughout.
- Discussion among participants of content of article and presentation and issues raised by participants – including breakout sessions and quizzes.
- Guidance from trainer about extending the webinar learning through applications to teaching practices.

Webinar Requirements

School districts should provide webinar participants with documentation using the following guidelines:

1. Complete the assigned reading in advance of the webinar and write a reflective essay answering the question, "What did I learn from this reading that I can apply to my practice?"
2. Active participation in the webinar verified by instructor.
3. Completion of an extending activity from a list provided during the webinar.

MTA accepts credit cards (MasterCard and Visa only), purchase orders, and personal checks.

Webinar Fee:
MTA Fee: \$30

Webinar Time:
5:00 – 7:00 pm

Registration Information

All registration is done online. Participants will be sent passwords to online offerings and materials. Go to www.massteacher.org/cepp and follow the Registration link. **Each topic is addressed in ONE two-hour session; when registering indicate the preferred session date.**
